Classic Design Choreographed by Imagination

With over two decades of experience, Jeff Schlarb Design Studio (JSDS) is a San Francisco-based interior design firm creating luxury residential, commercial, hospitality, and amenity spaces across the U.S. and internationally. Led by Jeff Schlarb and a close-knit team of designers and creatives, the studio is known for deeply personal interiors shaped through collaboration and an intuitive understanding of how clients live.

Rooted in classic design and guided by imagination, JSDS pairs timeless architectural foundations with art, color, texture, and unexpected contrast. The result? Layered, expressive spaces that feel refined, livable, and distinctly individual.

From concept to installation, the studio delivers a seamless, detail-driven process built on clear communication and strong partnerships with architects, builders, artisans, and artists — creating interiors defined by craftsmanship, clarity, and lasting sense of place.

Our Services

Full-Scale Remodels & Transformations

Residential and commercial remodels developed in close collaboration with architects and builders, shaping the interior vision from concept through completion. Our focus is on the lived experience, refining layouts, materials, lighting, and finishes to create cohesive, enduring interiors.

Interior Planning & Kitchen and Bath Design

Interior spaces thoughtfully reimagined and design alongside highly customized kitchens and baths, developing cabinetry, millwork, fixtures, and finish palettes that feel integrated and intentional. Each space is tailored to support daily living while delivering timeless beauty and function.

Furnishings & Decorative Layering

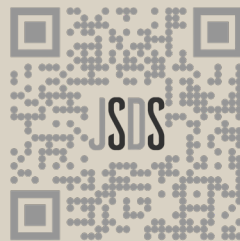

Complete furnishing and decorative programs, including custom furniture, custom upholstery, window treatments, wallpaper, lighting, art, and accessories. Through intentional layering of texture, color, and materiality, we create interiors that feel refined, collected, and distinctly personal.

You bring the spark — we'll help shape the rhythm.

Connect with one of our designers, and let's start composing yours.
